ABOUT COMPANY

Zulma Energy is a Kenyan-based oil exporting, distributing, and marketing company formed in 2020.

Our company is committed to providing high-quality petroleum products to the local and international market. We aim to meet the needs of our customers through timely delivery, reliable service, and competitive pricing. We have a team of highly trained and experienced professionals who ensure that our products meet the highest standards of quality and safety.

COMPANY HISTORY

Founded in 2020, Zulma Energy is an emerging petroleum company headquartered at 1st Floor, Watermark Business Park, Cove Court, Karen, Nairobi. The company specializes in the distribution and export of petroleum products, with a particular focus on the wholesale and export of Jet A1 fuel, as well as the import, export, and wholesale of bitumen.

In a short span of time, Zulma Energy has carved out a solid position within Kenya's petroleum sector. Drawing on deep industry experience and technical expertise, the company has built a reputation as a dependable and trustworthy supplier, backed by a consistent commitment to product quality and customer service.

Central to this growth has been Zulma Energy's dedication to full regulatory compliance. The company holds a valid license from the Energy Regulatory Authority of Kenya, credential that has strengthened customer confidence and reinforced its standing as a credible market player.

Though still a relatively young company, Zulma Energy has positioned itself as a trusted name in petroleum supply across Kenya. With an experienced management team steering operations and a continued focus on quality and compliance, the company is well placed for sustained growth in the years ahead.

OUR VISION

Our vision is to be the leading provider of high-quality petroleum products in Kenya and the region.

OUR MISSION

Our mission is to meet the energy needs of our customers through reliable service, quality products, and competitive pricing. We are committed to providing sustainable energy solutions that support economic growth and development.

"There are no secrets to success.

*It is the result of preparation,
hard work, and learning from failure."*

— Colin Powell

"Fueling Your Needs With Excellence"

CORE VALUES

INTEGRITY

We fulfill the promises of our mission through behavior that reflect honesty, responsibility and fairness

EXCELLENCE

We are committed to high quality product, service and other initiatives that impact lives within and outside our organization.

OWNERSHIP

We are all owners of wells and we think and act as owners

ACCOUNTABILITY

We acknowledge and take responsibility for our actions and decisions.

ENVIRONMENTAL SUSTAINANCE

We are committed to minimizing the impact of our operations on the environment and to demonstrate leadership by integrating environmental considerations into all our business practices

TEAM WORK

We love success and drive it by pulling together; we believe that the best solutions come from working together with both colleagues and clients. Effective team work demands strong relationship, respect and sharing

PROFESSIONALISM

We exercise high level of professionalism in our work and reward merit. We use the most appropriate skill and competence continually seeking opportunity to improve through innovative approaches.

OUR MINERALS

In addition to our petroleum operations, Zulma Energy has expanded into the trading and supply of industrial minerals and metals, serving both local and international markets. Our minerals portfolio includes:

- Copper Cathodes** – High-purity refined copper (typically 99.99% Cu), supplied in standard cathode sheets for use in electrical wiring, construction, and manufacturing industries.
- Copper Concentrates** – Processed copper ore with elevated copper content, sourced from reputable mining partners for onward smelting and refining.
- Magnesium Ore** – Raw magnesium-bearing ore supplied to industries requiring magnesium for alloys, chemicals, and metal production.
- Aluminium** – Both raw and processed aluminium products, supporting construction, packaging, automotive, and manufacturing sectors.
- Cobalt** – A critical mineral used in battery production, aerospace alloys, and electronics manufacturing, sourced responsibly and in compliance with international trade standards.

Zulma Energy is committed to sourcing these minerals through ethical and transparent supply chains, working with verified mining partners and adhering to international quality and compliance standards. Our logistics network ensures safe handling, storage, and timely delivery of mineral products to buyers across regional and global markets.

OUR COMMITMENT TO SAFETY

At Zulma Energy, safety is our top priority. We are committed to ensuring the safety of our employees, customers, and the environment. We have implemented strict safety policies and procedures to minimize the risk of accidents and incidents. We also ensure that our products meet the required safety standards and are transported and stored safely.

Worth noting is the fact that we accept orders for bulk supplies and offer transport to your destination.

OUR HAPPY CLIENTS

Since we started our operations, we have established business relation and associate with a number of reputable clients in the county, below are some of our clients' testimonials.

Abdikadir Godana

"Zulma Energy has been our go-to supplier of petroleum products since they launched in 2020. Their commitment to quality and regulatory compliance is second to none, and their customer service is always outstanding. We appreciate their dedication to providing reliable and trustworthy service and look forward to continuing our partnership with them."

Mohammed Sharif

"We were initially hesitant to work with a new petroleum company, but Zulma Energy has exceeded our expectations. Their knowledgeable team and commitment to regulatory compliance have been a breath of fresh air in the industry. We appreciate their dedication to customer service and look forward to continuing our partnership with them."

Walter

"We've been working with Zulma Energy for a few months now, and they have consistently provided us with top-quality petroleum products. We appreciate their attention to detail and commitment to ensuring that our orders are always fulfilled on time. We would highly recommend Zulma Energy to anyone looking for a reliable petroleum supplier."

"Building a good customer experience does not happen by accident. It happens by design."
